Dear Sirs,

The Company has been contesting a legal case before National Green Tribunal, Principal Bench, New Delhi (NGT), on account of alleged pollution and effluent discharge by its distillery unit at Muzaffarnagar (U.P.). In the interim, the Tribunal has taken a view that the distillery should not operate pending submission of action plan to fully comply with the directions issued by Central Pollution Control Board (CPCB) and U.P. Pollution Control Board (UPPCB), if any, based on their inspection reports.

The Company feels that it will be able to explain its case to the satisfaction of NGT as regards compliance to the prescribed Environment and Pollution control guidelines and it will be taking such further steps as may be necessary or directed to have the normal operations of its Distillery resumed. The Company is environmentally conscious and has been complying with all directions / norms mandated by the CPCB/UPPCB in the past and recently have installed a Multi Effect Evaporator (MEE) in the distillery unit, within the stipulated time period as required by CPCB/UPPCB.

The above is for your information and records.

Thanking you,

Yours faithfully,

For Triveni Engineering & Industries Limited

Geeta Bhalla

Group Vice President &
Company Secretary
