Gifting in focus, luxury brands woo buyers with new launches

Online retail also gaining traction; watches, accessories and apparel most sought after

AKSHARA SRIVASTAVA
New Delhi, 30 October

Luxury brands are wooing customers with new products to ensure no dearth of options for indulgence this festive season. As Diwali draws closer, retailers across India are aiming to grow sales for consumer products. The country's luxury market, too, is experiencing increased activity as crowds throng malls.

Global brands are increasingly seeing India as a luxury destination. This year, too, many, including the likes of Cartier and Jimmy Choo, have launched India-specific collections for the festive season.

Jimmy Choo, the British luxury fashion house, has unveiled a limited-edition capsule collection for Diwali — a blingy, glittery set comprising eight styles, including the signature Sweetie clutches and Bon Bon bags. Actor Ananya Panday is the face of the brand's campaign.

Jimmy Choo has also introduced the new Callie Shoulder, a luxury handbag in satin decorated with crystal fringe that retails at ₹520,000 in India.

Besides, the brand has launched gifting packs comprising a body moisturiser and signature Jimmy Choo fragrances in two sizes, starting at ₹11,000.

"This is the first time the brand has brought gift packs to India, that too at affordable prices," says an executive at its store DLF Emporio, New Delhi.

A few metres away at Michael Kors, the ready-to-wear line of the brand featuring sequined jumpsuits and dresses featuring the MK emblem have been seeing strong demand. The brand has on display a range of bags — the Grayson, the Jetset, and the Empire — in shiny, patent leather and blingy clutches that are in sync with the festive styles. These bags start retailing at ₹22,000 and go up to ₹38,000.

"Brands are moving away from the manic manifestations of the Diwali festival and are bringing in launches that have some aspect of the brand's DNA," says Srimeey Bhattacharya, founder of luxury and lifestyle consultancy

firm Peepul Advisory. "Global luxury brands now have a better understanding of consumer patterns in India. They increasingly understand the importance of Diwali and that it is a time for gifting and more spending," adds Bhattacharya.

At DLF Emporio, one of New Delhi's two luxury malls (the other being The Chanakya), sales executives say business is picking up after a month of slow sales owing to shradddh and Navratri. In Hinduism, shradddh is a period of austerity during which people honour their ancestors and are expected to abstain.

"At our luxury malls, sales are more than 130 per cent of the pre-pandemic levels. Currently, all categories are delivering results, indicating the rising demand for luxury products and experiences in the country. This is because consumers are seeking new experiences and have rising aspirations," says Pushpa Bector, senior executive director at DLF Retail.

Online luxury retail, too, is gaining traction.

"When it comes to Diwali shopping, in the North region, Delhi and the National Capital Region have been leading the way, with markets like Lucknow also contributing signifi-

cantly to the platform's revenue," says Gopal Asthana, chief executive officer, Tata CLiQ.

The most sought after categories this season are watches, accessories and apparel. In watches, high-end luxury products like Cartier are a very popular purchase.

Brands like Jaeger-LeCoultre and Panerai are also starting to gain traction. Apart from this, the beauty category is also showing strong growth. "These are segments that are also ideal for gifting," says Asthana.

Tata CLiQ has also seen consumer interest in home décor, and has recently partnered Indian luxury brand Good Earth.

"As people continue to invest more in their own spaces, the home sector, which encompasses everything from décor to linen to furniture, is rising. It is of strategic importance and one of the fastest-growing categories," adds Asthana.

Premium chocolate brand Choko La is also expecting a strong response in the festive season, and has launched new hampers.

"The sentiment this year looks very promising. The ongoing Q3 looks very

optimistic and we expect double-digit volume growth over last year. We expect the momentum to continue in Q4," says Vibhu Mahajan, chief operating officer, Choko La.

A recent Deloitte research pointed out that Indian consumer confidence is increasing, and in turn driving an interest in luxury brands, exotic travel and new vehicles.

"India's booming economy is encouraging consumers to embrace premium. Discretionary spending is poised to increase, benefitting sectors like retail, automotive, and travel and hospitality," according to Rajeev Singh, partner and consumer industry leader at Deloitte Asia Pacific.

This festive season, the luxury market is hopeful of cashing in on the preference for premium.

Aadhaar data of 815 million on sale on dark web, says report

ASHUTOSH MISHRA
New Delhi, 30 October

In a serious data breach, personally identifiable information of 815 million Indians has been up on the dark web for sale, according to a report by US-based cybersecurity firm Resecurity. Details such as Aadhaar and passport information along with names, phone numbers and addresses are available for sale online, it has said.

Media reports suggested that the Indian Council of Medical Research (ICMR) database might have been compromised, given the extensive scope and sensitive nature of the information. Queries sent to ICMR were not answered at press time.

"Securing assets is of importance for businesses in today's world. The recent incident where the personal information of 815 million Indians was exposed in a data leak highlights the need for companies to take adequate measures," said Sanjay Kaushik, managing director of Netrika Consulting.

According to the Resecurity website, on October 9 an individual using the alias "pwn0001" shared a post on BreachForums (a darknet crime forum) offering access to 815 million records containing

information on "Indian Citizen Aadhaar and Passport".

The hacker was willing to sell the entire Aadhaar and Indian passport dataset for \$80,000 when contacted by Resecurity.

In August this year, another threat actor known as "Lucius" posted a thread on Breach-Forums offering to sell a 1.8 terabyte data leak related to an unnamed "Indian internal law enforcement organisation".

In April 2022, the Comptroller and Auditor General conducted an investigation into the Unique Identification Authority of India (UIDAI) and discovered that the authority had not effectively regulated its client vendors and safeguarded the security of their data vaults, as stated in a

Brookings report.

Since its inception in 2009, UIDAI has issued nearly 1.4 billion Aadhaar cards. A report from the Brookings Institution in 2022 highlighted that the ID system ranked among the world's largest biometric identification initiatives.

"Adopting measures like encryption, multifactor authentication and access controls are vital to protect data. Regular security audits and updates are also components of a cybersecurity strategy that can adapt to emerging threats effectively," said Kaushik.

The exposure of personally identifiable information on the dark web, which includes Aadhaar and other personal details of Indian citizens, poses a big threat of digital identity theft.

FSSAI bats for QR code in food labels

SANJEEB MUKHERJEE
New Delhi, 30 October

The Food Safety and Standards Authority of India (FSSAI) has directed food business operators to incorporate provisions such as QR codes in food labels to facilitate easy access of nutritional information for the visually impaired. The recent directive emphasised on QR code as an effective means to achieve this.

"These QR codes should encompass com-

prehensive details about the product including but not limited to ingredients, nutritional information, allergens, manufacturing date, best-before, expiry, use-by dates, allergen warning and content information for customer enquiry," the Fssai said.

The advisory also stressed that inclusion of a QR code does not replace or negate the requirement to provide mandatory information on the product label as prescribed by regulations.

Maratha quota stir: Homes of 2 MLAs, govt building torched

PRESS TRUST OF INDIA
Chhatrapati Sambhajnagar, 30 October

The ongoing agitation seeking reservation for the Maratha community descended into violence and arson on Monday as quota protesters torched, vandalised homes or offices of three legislators, targeted a municipal council building and disrupted road traffic in Maharashtra, police said.

Homes of two Nationalist Congress Party (NCP) MLAs were set ablaze, while the office of another legislator from the ruling Bharatiya Janata Party was vandalised by protesters, they said, adding no casualties were reported.

The incidents of violence and arson were reported from central Maharashtra's Beed and Chhatrapati Sambhajnagar districts even as Maratha quota activist Manoj Jarange continued his indefinite fast in support of the reservation demand at a village in Jalna district.

His condition worsened on the sixth day of the fast when he collapsed on the stage, prompting those present at the site to rush to his aid. On their request, he took a few sips of water. Amid the unrest, Jarange appealed for peace and said violent incidents will tarnish the image of their protest.

The residence of NCP MLA Prakash Solanke at Majalgaon town in Beed district was set on fire and stones were hurled at it by a group of quota agitators late in the morning, police said.

The group also set ablaze a car parked at the residence of Solanke after an audio clip of the MLA, in which he purportedly spoke about the quota agitation and made a veiled comment on Jarange, went viral.

It is not clear whether the Majalgaon MLA, who belongs to the NCP faction led by Deputy Chief Minister Ajit Pawar, was at the residence at the time of the incident around 11 am.

In the audio clip, Solanke was purportedly heard saying that "the issue (the demand for reservation and the ultimatum of 40 days given to the government for its implementation by October 24) has become a child's game.

"The person, who has not even contested a gram panchayat election, has become a smart person today," he said in an apparent dig at Jarange.

Solanke told a news channel he was in Majalgaon when the incident occurred.

"Agitators surrounded my residence from all sides and nobody was in the mood to listen. Stones were thrown at my house and vehicles were also set on fire. I stand with the demand for the Maratha reservation. I have won the elections four

MP Prabhakar Reddy stabbed during campaign

PRESS TRUST OF INDIA
Hyderabad, 30 October

Bharat Rashtra Samiti (BRS) Assembly election candidate Kotha Prabhakar Reddy was on Monday stabbed while he was campaigning in Siddipet district, police said.

The accused, identified as Raju, 38, was taken into custody and a case was registered against him on the charge of attempt to murder, they said.

Prabhakar Reddy, who is an MP from Medak Lok Sabha constituency, suffered injuries in his stomach and was shifted to a hospital in Hyderabad after initially being rushed to a hospital in Gajwel of Siddipet district.

His condition is stable, police said. The accused went close to the MP

and attacked him with a knife, Siddipet Commissioner of Police N Swetha said.

Some party workers immediately caught hold of the accused and handed him over to the police.

The incident took place in Surampalli of Doulthabad mandal when Prabhakar Reddy, who has been fielded by BRS from Dubbak for the November 30 assembly elections, was campaigning, police said.

Reacting to the incident, Chief Minister K Chandrasekhar Rao said at a rally in Banswada that everyone should unequivocally condemn the attack on the candidate.

"I am saying the attack on our Dubbak candidate is an attack on me," he said.

times with the help of the Maratha community and I am a Maratha MLA," he said.

After the arson at the legislator's home, a group of Maratha reservation activists dispersed from and later set ablaze the first floor of the Majalgaon Municipal Council building and vandalised it, another police official said.

Fire brigade personnel rushed to the spot and doused the flames, he said, adding there were no casualties.

Meanwhile, a group of Maratha quota activists barged into the residential premises and office of NCP MLA Sandeep Kshirsagar in Beed city and set them on fire in the evening, a police official said.

Fire brigade personnel rushed to the spot to douse the flames, he said.

Police swung into action and dispersed the crowd that had gathered outside the MLA's residence and the office, said the official.

डार्क वेब पर बिक रही डेटा

अमेरिका की साइबर सुरक्षा कंपनी रीसिक्वोरिटी ने किया दावा

आशुतोष मिश्र

सुरक्षा कंपनी का दावा

निजी जानकारीयों में आधार और पासपोर्ट में दी गई सूचनाएं भी शामिल हैं

इनके अलावा लोगों के नाम उनके फोन नंबर और पता आदि भी सार्वजनिक हो सकते हैं

डार्क वेब पर लोगों की व्यक्तिगत सूचनाएं उपलब्ध होने और भारतीय नागरिकों से जुड़ी अन्य जानकारीयों सार्वजनिक होने से डिजिटल पहचान चोरी होने का बड़ा खतरा पैदा हो गया है

इससे पहले अप्रैल 2022 में भारतीय नियंत्रक एवं महालेखा परीक्षक (सीएजी) ने भारतीय विशिष्ट आधार पहचान प्राधिकरण (यूआईडीएआई) की जांच की थी। इस जांच में पाया गया कि अधिकारियों ने अपने वेबों पर ठीक से निगरानी नहीं रखी है और उनके सूचना भंडारों को सुरक्षित रखने के पर्याप्त उपाय नहीं किए गए हैं। ब्रूकिंग्स रिपोर्ट में यह बात सामने आई है। 2009 में अस्तित्व में आने के बाद यूआईडीएआई ने लगभग 1.40 करोड़ लोगों को आधार जारी किए हैं। 2022 में आई ब्रूकिंग्स इंस्टीट्यूशन की एक रिपोर्ट के अनुसार आधार दुनिया में लोगों की व्यक्तिगत पहचान बताने वाला सबसे बड़ा तंत्र है।

कौशिक ने कहा, 'सूचनाओं की सुरक्षा के लिए सुरक्षित कोड सहित कई स्तरों पर सुरक्षा के इंतजाम करने होंगे ताकि कोई भी संवेदनशील सूचनाएं नहीं चुरा सके। नियमित अंतराल पर सुरक्षा जांच और साइबर सुरक्षा नीति में सुधार कर इन घटनाओं से प्रभावित तरीके से निपटा जा सकता है।' डार्क वेब पर लोगों की व्यक्तिगत सूचनाएं उपलब्ध होने और भारतीय नागरिकों से जुड़ी अन्य जानकारीयों सार्वजनिक होने से डिजिटल पहचान चोरी होने का बड़ा खतरा पैदा हो गया है। फर्जीवाड़ा करने वाले लोग अक्सर इन आंकड़ों का इस्तेमाल कर ऑनलाइन बैंकिंग धोखाधड़ी, टैक्स रिफंड घोटाले और अन्य साइबर वित्तीय अपराधों को अंजाम देते हैं।

'डेटा कानून के प्रभाव को लेकर ज्यादातर कंपनियां चिंतित'

बीएस संवाददाता

भारत डेटा संरक्षण कानून से जुड़े गोपनीयता नियमन की वजह से कंपनियों के परिचालन और डेटा से जुड़े कामों पर इसके संभावित प्रभाव को लेकर करीब 52 प्रतिशत संगठन बेहद चिंतित हैं। पेशेवर सेवाएं देने वाली कंपनी ईवाई के अध्ययन में यह बात सामने आई है।

डिजिटल व्यक्तिगत डेटा संरक्षण (डीपीडीपी) अधिनियम, 2023 लागू होने के कई महीने बाद जारी सर्वेक्षण में पाया गया कि लगभग 32 प्रतिशत संगठनों को तकनीकी स्तर पर क्रियान्वयन में चुनौतियों का सामना करना पड़ रहा है।

लगभग 10 प्रतिशत संगठनों को इस बात की चिंता थी कि मौजूदा विनियम अनुबंधों पर फिर से विचार करने की आवश्यकता होगी जबकि 50 प्रतिशत संगठनों को इसके लिए प्रासंगिक कौशल हासिल करना है लेकिन वे डेटा गोपनीयता कार्यों की आउटसोर्सिंग करने का विकल्प खुला रख रहे हैं। डीपीडीपी अधिनियम की निश्चित प्रक्रियाओं के नियमों को अभी तक अधिसूचित नहीं किया गया है लेकिन सरकार ने लगातार दावा किया है कि बड़े संगठनों को इसका पालन करने में अधिक समय नहीं

लगेगा। केवल छोटी स्टार्टअप, सरकारी संस्था तथा सूक्ष्म, लघु और मध्यम उद्यमों (एमएसएमई) को क्रियान्वयन के लिए अतिरिक्त समय मिल सकता है। सर्वेक्षण के नतीजों के मुताबिक केवल 36 प्रतिशत संगठनों में भारत के लिए डेटा संरक्षण अधिकारी (डीपीओ) हैं, जो कानून के तहत बेहद आवश्यक है। संगठनों का मानना है कि यह डीपीडीपी अधिनियम के तहत सहमति प्रबंधन प्रेमवर्क का प्रबंधन करने की उनकी क्षमता प्रभावित हो सकती है। अन्य जिन चुनौतियों की पहचान की गई है उनमें नियमन से जुड़े दिशानिर्देशों के बारे में जागरूकता में कमी, इनके अनुपालन में संसाधनों की कमी और बदलाव के लिए संगठनों में प्रतिरोध शामिल हैं। इस अध्ययन में कहा गया है कि ये चुनौतियां संगठन के भीतर आवश्यक बदलावों को लागू करने में बाधा ला सकती हैं। ईवाई के अनुसार, इसके सर्वेक्षण में विभिन्न उद्योगों और विभिन्न भूमिकाओं वाले पेशे शामिल हैं। इसने पेशेवर सेवाओं, बैंकिंग और पूंजी बाजार, मीडिया एवं मनोरंजन, जीव विज्ञान, उपभोक्ताओं के लिए पैकेट वाले सामान और बीमा सहित कई उद्योगों के 105 पेशेवरों को शामिल किया।

संरा: भारत की अनुपस्थिति पर कांग्रेस का कड़ा वार

कांग्रेस की पूर्व अध्यक्ष सोनिया गांधी ने सोमवार को कहा कि उनकी पार्टी इजरायल-हमास संघर्ष पर संयुक्त राष्ट्र के हालिया प्रस्ताव पर मतदान के दौरान भारत के अनुपस्थिति रहने का 'कड़ा विरोध' करती है। उन्होंने यह भी कहा कि कांग्रेस ने हमास के हमलों की स्पष्ट रूप से निंदा की है तथा यह त्रासदी उस समय और बढ़ गई जब इजरायल उस आबादी से बदला लेने पर ध्यान केंद्रित कर रहा है जो काफी हद तक असहाय होने के साथ-साथ निर्दोष भी है।

उन्होंने अग्रणी दैनिक 'द हिंदू' में लिखे एक लेख में यह भी कहा कि उनकी पार्टी का लंबे समय से यह रुख रहा है कि इजरायल के साथ सह-अस्तित्व में एक संप्रभु, स्वतंत्र और सुरक्षित फिलिस्तीन राष्ट्र के लिए सौधी बातचीत हो। सोनिया गांधी ने कहा 'मानवता अब इतिहास के दौर से गुजर रही है।' उन्होंने कहा, 'इजरायल पर क्रूर हमलों से हम सामूहिक रूप से दुखी हुए थे। अब हम सभी इजरायल की असंगत और समान रूप से क्रूर प्रतिक्रिया से दुखी हो गए हैं। हमारी सामूहिक अंतरात्मा के जागने से पहले और कितनी जल जाएंगी?'

उन्होंने कहा कि 7 अक्टूबर, 2023 को हमास ने इजरायल पर एक क्रूर हमला किया, जिसमें एक

हजार से अधिक लोग मारे गए और 200 से अधिक लोगों का अपहरण कर लिया गया था। उन्होंने कहा कि जान गंवाने वालों में से ज्यादातर आम नागरिक थे। सोनिया ने कहा, 'इजरायल के लिए अभूतपूर्व, अप्रत्याशित यह हमला विनाशकारी था। कांग्रेस का दृढ़ता से मानना है कि सभ्य दुनिया में हिंसा का कोई स्थान नहीं है और अगले ही दिन हमने हमास के हमलों की स्पष्ट रूप से निंदा की।'

सोनिया ने कहा कि यह त्रासदी गाजा में और उसके आसपास इजरायली सेना के 'अंधाधुंध अभियानों' के कारण और बढ़ गई है, जिसके चलते बड़ी संख्या में निर्दोष बच्चों, महिलाओं और पुरुषों सहित हजारों लोगों की मौत हो गई है।' उन्होंने कहा, 'इजरायल की ताकत अब उस आबादी से बदला लेने पर केंद्रित है जो काफी हद तक असहाय होने के साथ निर्दोष भी है।' इजरायल-फिलिस्तीन पर कांग्रेस

का रुख स्पष्ट करते हुए उन्होंने कहा कि न्याय के बिना शांति नहीं हो सकती। उन्होंने कहा कि डेढ़ दशक से अधिक समय से इजरायल की निरंतर नाकेबंदी ने गाजा को 20 लाख निवासियों के लिए 'खुली हवा वाली जेल' में बदल दिया है। उन्होंने कहा, 'भारतीय राष्ट्रीय कांग्रेस, हाल ही में संयुक्त राष्ट्र महासभा के उस प्रस्ताव पर मतदान के दौरान भारत की अनुपस्थिति का कड़ा विरोध करती है, जिसमें गाजा में इजरायली बलों और हमास के बीच 'तत्काल, टिकाऊ और निरंतर मानवीय संघर्ष विराम' के लिए शत्रुता को समाप्त करने' का आह्वान किया गया था। 'भारत पिछले दिनों संरा महासभा में 'आम नागरिकों की सुरक्षा और कानूनी एवं मानवीय दायित्वों को कायम रखने' के शीर्षक वाले जॉर्डन के मसौदा प्रस्ताव पर मतदान से दूर रहा। इस प्रस्ताव में इजरायल-हमास युद्ध में तत्काल मानवीय संघर्ष-विराम और गाजा पट्टी में निर्बाध मानवीय पहुंच सुनिश्चित करने का आह्वान किया गया था। संयुक्त राष्ट्र की 193 सदस्यीय महासभा ने उस प्रस्ताव को अपनाया, जिसमें तत्काल, टिकाऊ और निरंतर मानवीय संघर्ष-विराम का आह्वान किया गया है, ताकि शत्रुता समाप्त हो सके।
